

# Indiana's SACCHO

State Association of County and City Health Officials

## Tobacco Funds Resolution

Be it resolved this 24th day of February, 2010, that the Indiana Association of Public Health Physicians and Local Health Departments Organization, Inc., the official State Association of County and City Health Officials in Indiana (SACCHO), hereby supports the retention of the Indiana Tobacco Prevention Coalition and that tobacco funds continue to be used to support its operations and programs. The agency has strong statewide and local programs in place to promote tobacco cessation. Therefore, the IAPHP&LHD, Inc. urges that the proposed legislation to dissolve the ITPC and move the funds to another agency not be enacted.
